

CALL FOR SATELLITE WORKSHOPS

We invite proposals for half-day workshops that will be held together with EUSIPCO 2020. The workshops will take place on Friday afternoon August 28, at the same venue as the main conference, that is the “Beurs van Berlage” in Amsterdam. We welcome proposals on emerging topics that are not anticipated to be fully explored in the main conference, as well as topics of focused interest, including presentations related to international, European and bilateral projects, or other collaborative projects. The purpose of workshops is to provide a comprehensive forum and encourage in-depth discussion of various technical and application issues in our research field. Workshop registration will be handled as part of the main conference by the EUSIPCO organizers.

The topic coverage, the proposer's credentials, the interested audience, and relevance of the topic will all be considered in the selection process. Workshop proceedings will be handled by EURASIP and will be publicly available through the repository of EURASIP. The published workshop papers should follow the EUSIPCO template with a maximum number of pages that will be defined by the Workshop organizers (but it should not be more than eight pages).

SUBMISSION

Proposals should be submitted by email to the satellite workshop chairs Zekeriya Erkin and Odette Scharenborg via workshops@eusipco2020.org by January 24, 2020. The candidate workshop organizers will be notified of the decision on March 1, 2020.

Proposals should be in PDF format and include the following information:

- Workshop title.
- Proposers' names, titles, affiliations, and primary contact email.
- Experience that makes the proposers well suited for organizing the workshop.
- Topics that will be covered and its relevance to the signal processing community.
- Program outline (if appropriate, estimated numbers of oral presentations, posters, and invited talks).
- Names and bios of any tentative/confirmed invited speakers.
- Anticipated target audience as well as expected number of attendees.
- Any special space or equipment requests.

Organizers of each accepted proposal are expected to announce a call-for-papers including basic information about the workshop (description, main topics, Organizing and Program Committees, important dates).

COMMITTEES

GENERAL CO-CHAIRS

Richard Heusdens, TU Delft, The Netherlands
Cédric Richard, University of Nice Sophia-Antipolis, France

TECHNICAL PROGRAM CO-CHAIRS

Alle-Jan van der Veen, TU Delft, The Netherlands
Pina Marzilano, EPFL, Switzerland
Toon van Waterschoot, KU Leuven, Belgium

FINANCIAL CHAIR

Richard C. Hendriks, TU Delft, The Netherlands

TUTORIALS CO-CHAIRS

Béatrice Pesquet, Thales LAS, France
Sundeeep Chepuri, Indian Institute of Science, India

SPECIAL SESSIONS CO-CHAIRS

Helmut Bölcskei, ETH Zürich, Switzerland
Tulay Adali, UMBC, USA
Sharon Gannot, Bar-Ilan University, Israel

PLENARY CO-CHAIRS

Geert Leus, TU Delft, The Netherlands
Mario A.T. Figueiredo, University of Lisboa, Portugal

SPONSOR CHAIR

Ton Kalker, Xperi Corporation, USA

AWARDS CO-CHAIRS

Mads G. Christensen, Aalborg University, Denmark
Timo Gerkmann, Hamburg University, Germany

PUBLICITY CHAIR

Elvin Isufi, TU Delft, The Netherlands

STUDENT ACTIVITIES CO-CHAIRS

Andreas Jakobsson, Lund University, Sweden
Jesper Rindom Jensen, Aalborg University, Aalborg

SATELLITE WORKSHOPS CO-CHAIRS

Zekeriya Erkin, TU Delft, The Netherlands
Odette Scharenborg, TU Delft, The Netherlands

- **Notification of satellite workshop's acceptance - March 1, 2020**
- Notification of Acceptance — May 29, 2020
- Final Manuscript Submission — June 12, 2020

WELCOME TO AMSTERDAM, NL

Venue Beurs van Berlage

The Beurs van Berlage breathes history and character. It was already a bustling trading place in 1903. Today it's a one in a million conference location in the warm heart of Amsterdam, with high quality and service, an impressive atmosphere and excellent facilities. A fantastic location that you'll never forget!

The building is located in the characteristic historic center of Amsterdam, opposite the Central Station and around the corner from Dam Square. Amidst impressive cultural highlights and no fewer than eight thousand hotel rooms.

The design by master architect Berlage breathes history and vigor. It certainly leaves an unforgettable impression!

In less than fifteen minutes from Schiphol Airport you're already in the Beurs van Berlage. Moreover, there are ample parking opportunities within walking distance.

Beurs van Berlage

Damrak 243, 1012 ZJ Amsterdam
