On behalf of the European Association for Signal Processing (EURASIP), it is a great pleasure of the organizing committee to invite you to the 28th European Signal Processing Conference, EUSIPCO 2020, to be held in Amsterdam, The Netherlands.

EUSIPCO is the flagship conference of EURASIP and offers a comprehensive technical program addressing all the latest developments in research and technology for signal processing. EUSIPCO 2020 will feature world-class speakers, oral and poster sessions, plenaries, exhibitions, demonstrations, tutorials, and satellite workshops, and is expected to attract many leading academic researchers and people from industry from all over the world.

CALL FOR PAPERS

On behalf of the European Association for Signal Processing (EURASIP), it is a great pleasure of the organizing committee to invite you to the 28th European Signal Processing Conference, EUSIPCO 2020, to be held in Amsterdam, The Netherlands.

EUSIPCO is the flagship conference of EURASIP and offers a comprehensive technical program addressing all the latest developments in research and technology for signal processing. EUSIPCO 2020 will feature world-class speakers, oral and poster sessions, plenaries, exhibitions, demonstrations, tutorials, and satellite workshops, and is expected to attract many leading academic researchers and people from industry from all over the world.

TECHNICAL SCOPE

We invite the submission of original, unpublished technical papers on topics including but not limited to:

- Audio and acoustic signal processing
- Speech and language processing
- Image and video processing
- Multimedia signal processing
- Signal processing theory and methods
- Sensor array and multichannel signal processing
- Signal processing for communications
- Radar and sonar signal processing
- Signal processing over graphs and networks
- Nonlinear signal processing
- Statistical signal processing
- Compressed sensing and sparse modelling
- Optimization methods
- Machine learning
- Bio-medical image and signal processing
- Signal processing for computer vision and robotics
- Computational imaging / spectral imaging
- Information forensics and security
- Signal processing for power systems
- Signal processing for education
- Bioinformatics and genomics
- Signal processing for big data
- Signal processing for the internet of things
- Design/implementation of signal processing systems

Accepted papers will be included in IEEE Xplore®. EURASIP enforces a “no-show” policy. Procedures to submit papers, proposals for special sessions, tutorials and satellite workshops can be found on the website.

IMPORTANT DATES

- Special Session Proposals— December 6, 2019
- Tutorial Proposals — January 17, 2020
- Satellite Workshop Proposals — January 24, 2020
- Full Paper Submission — February 21, 2020
- Notification of Acceptance — May 29, 2020
- Final Manuscript Submission — June 12, 2020

Venue
Beurs van Berlage

The Beurs van Berlage breathes history and character. It was already a bustling trading place in 1903. Today it's a one in a million conference location in the warm heart of Amsterdam, with high quality and service, an impressive atmosphere and excellent facilities. A fantastic location that you'll never forget!

The building is located in the characteristic historic center of Amsterdam, opposite the Central Station and around the corner from Dam Square. Amidst impressive cultural highlights and no fewer than eight thousand hotel rooms.

The design by master architect Berlage breathes history and vigor. It certainly leaves an unforgettable impression!

In less than fifteen minutes from Schiphol Airport you're already in the Beurs van Berlage. Moreover, there are ample parking opportunities within walking distance.

Beurs van Berlage
Damrak 243, 1012 ZJ Amsterdam
